Introduction

- The Every Day Counts Initiative (EDC) is designed to identify and deploy innovation aimed at
 - ✓ shortening project delivery,
 - ✓ enhancing the safety of our roadways, and
 - ✓ protecting the environment.

The Role of Puerto Rico LTAP in the EDC Initiatives

1. Assisting in the EDC Implementation Plan of the Department of Transportation and Public Work (DTPW) of the Government of Puerto Rico.
2. Serving as a technical oversight of each EDC
3. Assisting in the development of training modules.
4. New training resources

Nine (9) EDC Initiatives
